INTERIOR + ARCHITECTURAL WORKS

01 HIS- TORY

Using new ideas to create office space, airport and commercial spaces, retail stores, hospitality and residential projects in Dubai, succeeded in expanding its activities in the GCC Region, Middle East and North Africa as well.

WM Architects / Engineers and Project Managers offers a complete array of design, fit-out and project management either on a standalone or an integrated basis.

It all started in 2008 when two brothers- Arch. Wissam Massoud & Eng. Abdallah utilized their 15 years professional experience in Dubai and GCC to form the WMA Group.

WMA Interiors LLC focuses exclusively on project development, delivery and client satisfaction.

With our strict management, reporting systems and registered architects and engineers, we ensure that high quality and technically coordinated projects are delivered on time and within budget.

06 OUR DIVISIONS

ARCHITECTURAL METAL WORKS

We specialize in three disciplines, Structural Steel, Architectural Metals, and Glazing.

Metal Lab was started with a view to providing a complete solution for high quality interior fit-out projects. This has been achieved in a relatively short space of time and is evident at many completed projects. During this period we have built our reputation as a company that prioritizes high quality, reliable service and work whilst maintaining competitive prices.

Our pledge is to honor our commitments to our clients, provide full satisfaction through high quality work and services and commitment after sales service. This is all underpinned by the continuous improvement of our facilities and systems through ongoing investment.

We offer quality assurance and this is achieved by ongoing training of production staff in handling, processing and freight of the finished product as well as ongoing training of site operatives.

We believe in utmost attention to detail and delivery of superior finished products to our clients.

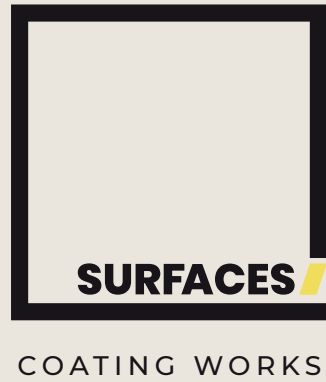

WOOD WORKS
CARPENTRY
& JOINERY
BY WMA INTERIORS

Discover our fine quality leather and fabric upholstery as well as handcrafted, solid wood dining, bedroom, and occasional furniture. Our professional design staff will be happy to guide you through the process of creating a home that reflects your own personal style.

Whether it's the classic line of Mission, a timeless Shaker design, a warm transitional interior or a contemporary eclectic space, Woodworks Carpentry and Joinery can complete every room in your home.

Surface Design and Applications was created with a vision to implement new standards in the field of material finishing.

Some of the services provides Surfaces Design includes:

LIQUID METAL COATING

CONCRETE EFFECT

WALL TO FLOOR SEAMLESS SOLUTIONS

OXIDATION

EPOXY

GRAPHICS

STENCILS

The idea initially started from our DLP (Defects and Liability Period) department to turn into an individually business unit due to the need of clients and building owners to keep their facilities valuable over the years.

Some of our commercial maintainance works includes:
